

AGRIBUSINESS EDUCATION INVITE

for Dairy Farm Business Owners

BACKGROUND

Hi, I am Lynaire Ryan, an Agribusiness Consultant, based in New Zealand. Dr Pat Dillon, Teagasc, has encouraged me to bring these business seminars to Ireland. Since 1997 I have been involved in developing and facilitating seminars for dairy farm business owners in NZ and Ireland.

These focus on business, financial and strategic planning training. Examples include:

- DairyNZ's Mark and Measure - over 2500 dairy farmers have attended these highly acclaimed seminars
- Irish Wealth Creation - 16 day course – attended by over 200 farmers
- Bank of New Zealand Farm Business Growth Programme – two day courses

We would like to offer dairy farm business owners the opportunity to attend one or both seminars in Autumn 2018. We highly recommend attending both seminars. We strongly encourage spouses (where relevant) to attend the Strategic Management seminar.
